

## Project #2: The Internet Detective

---

[Click here to access the web version of The Internet Detective.](#) Once the new web browser window opens, follow this interactive tutorial to learn helpful information about web resources and surfing the web.

Write at least two summary paragraphs about what you thought of The Internet Detective content and share what you learned. Type the summary in a word processor and save the file. Copy and paste the summary text in the submission field **and** then attach the file that contains the same text and click the submit button.

*Below are the directions for an off-line version the Internet Detective from within the LIVE class website.*

- Use these directions and version only if you are unable to complete this assignment using an internet connection.
- Click on the link Internet\_Detective.zip below. (The link is below right next to the word "Attachments":)
- Download the file to your desktop.
- Unzip the file. This is the step a lot of people miss. If you download and don't expand the presentation will not work. You must unzip the file.
- In the Internet-Detective folder double click on **0Home.html** file to begin.
- To navigate the pages, at the bottom of the page you will see a next and previous link that you click on this will take you to the next page or previous page.
